**PITTSBURGH BASED EHS SUPPORT CORPORATION  
WELCOMES GOULDING AS SENIOR CONSULTANT**

**Pittsburgh, PA, January 25, 2010**—EHS Support Corporation is pleased to announce that international remediation expert, Nigel Goulding, has joined our firm and opened our Dublin, Ohio office.

Mr. Goulding brings with him over sixteen years experience dealing with environmental remediation in the United States, Asia Pacific, and Europe. He specializes in non-aqueous phase liquids (NAPL), co-mingled plumes, complex geologic environments. He develops remediation strategies that are innovative, effective, reduce risk and cost, and minimize future activity. Mr. Goulding has worked for over 10 years in the United States working for Fortune 500 companies and most recently acted as Director of Remediation for URS Corporation of Australia.

Mr. Goulding holds a Bachelor of Arts degree and a Master of Philosophy degree in Environmental Science from Auckland University in New Zealand. He has acted as Senior Project Manager and Engineer on investigations, assessments, and remediation of over five hundred industrial sites impacted by petroleum hydrocarbons, industrial chemicals, metals, and radionuclides. Mr. Goulding is active in many industry regulatory advocacy and technology development groups and has been involved in the remediation and closure of many high profile sites.

“We are pleased to announce this addition to our team. Mr. Goulding will be an invaluable resource to our clients who require investigation and remediation services,” said Kenny Ogilvie, president of EHS Support Corporation.

Mr. Goulding will be based in Dublin, Ohio and available to clients throughout the United States and internationally.

EHS Support is a Pittsburgh, Pennsylvania, based business with satellite offices located throughout the eastern United States. They provide environmental health and safety (EHS) solutions to organizations who need assistance with mergers, acquisitions, and divestitures; Remediation Project Management; PRP Project Management; Environmental Related Negotiation Facilitation; Environmental Financial Cost Estimating; SEC Reporting Estimates; Compliance Assurance; Environmental Permitting; Environmental Risk Management; Environmental Sustainability; Environmental Management and Training; Remediation Services; and Health and Safety Support.
